Winter Quarter 2019 Syllabus

Lecturer
Susann Pinter - MAST
1362 EPS, Phone 530-754-1056
Office Hours: M, R 2:00 – 4:00 or by apt.
Email: spinter@ucdavis.edu

Topical Outline

The MAST III (Math and Science Teaching) seminar is designed for 3rd and 4th year students and focuses on teaching practices in high school science and math classrooms. Students in the course will be placed with a high school teacher and spend 3 hours per week, for ten weeks, in his or her classroom. Through selected readings, seminar discussion, and field experience, students will explore and experience what it means to teach science or math. They will present opening and closing activities, go over homework, lead a lab, prepare and analyze a quiz, practice questioning techniques, and explore the CA State Standards for math and science.

Community Norms

All voices are welcomed, encouraged and respected in this space.
Reflect
Think before you speak.
Empower
Empower yourself and others.
Share
Share your voice and space.
Push
Participate until something happens.
Elmo
Enough, let’s move on.
Confidentiality
Share the knowledge, not the story.
Tech Check
Be mindful; be present.

Outline by week (subject to change):

Session 1, 1/9
- Introduction & Information on course requirements and logistics
- First look at the CA State Teaching Standards: New Generation Science Standards and Common Core

**Due 1/15:** Assignment. Enter the assignment into the assignment section on Canvas. 250 words minimum, can be a bulleted list.
- Develop a **goal plan** of what you want to accomplish during your internship: What are your goals, and how are you planning to implement them? **Due Tuesday 1/15 on Canvas.**
- **Goal Summary due Tuesday 3/12, week 10, on Canvas.** In this document you will reflect on your accomplishments and failures. 250 words minimum.

**Due 1/29:** Assignment. Enter the assignment into the assignment section on canvas. 250 words minimum.
- **Every Minute Counts: Making your math class work:** Write a short reflection about this very handy companion. How do the math classrooms you attended during your high school career differ from David Johnson’s classroom? How were they the same?
  - **NOTE:** You can borrow this book from me at the following dates: 1/9, 1/16, and 1/21. **If you borrow a book, you are required to return it to me one week later, so your fellow students have a chance to borrow it as well before the due date.**

This week in your internship, 250 words minimum:
Most of you will not have had the opportunity to be in a classroom yet. Write about three things you hope to see happen in your internship classroom. What should a good math lesson look like? What should a good science lesson look like?

If you were lucky enough to have visited your internship classroom already, reflect on what you saw in your classroom. Did learning go on? If not. Why? If it did, describe how learning was going on.

Record your reflections on canvas by Sunday 11:59 pm.
Session 2, 1/16

- NGSS – Susann Pinter
- Common Core – Mary-Betty Stevenson

**Due 1/22:** Assignment. Enter the assignment into the assignment section on Canvas. 250 words minimum.
- Teach like a Champion 2nd edition:
  - Read Introduction, p.1-22 and chapter 11: Reflection and practice: q. 1-4, p.421
- Teach like a Champion 2nd edition: Read chapters 4 and 5. READ ONLY. You need to read this information to be able to create a meaningful lesson plan! No writing assignment associated with chapter 4 and 5.

**Due 2/13:** Assignment due as hard copy in class
- Download from Canvas: Teacher Observation Protocol. Choose one of your intern classes and complete the teacher observation protocol. The protocol MUST be typed, the document is fillable. Due session 6 (2/13) as a hard copy in class.

This week in your internship, 250 words minimum:
By now everybody should have an internship to go to. Ask your mentor teacher for a seating chart so that you can start memorizing names. When appropriate, walk around and help students informally. Write down your thoughts about your classroom: was learning going on, was teaching going on, was the teacher in control of the class, did anything extraordinary happen?

Record your reflections on Canvas by Sunday 11:59 pm
Record your hours on CalTeach

Session 3, 1/23

- Developing a positive classroom environment (Classroom Management)
  - Behavioral expectations and accountability
- Lesson Planning
  - Together with a partner, develop a lesson plan to present to your peers during peer evaluation. As partners, decide what topic you want to choose and the grade level, any grade level 9-12 is appropriate. Peer evaluations will be done in class in weeks 6 and 7. Use the New Science Generation Standards and the Common Core State Standards as your guide. You can find those online on the class homepage on Canvas
  - Download the appropriate lesson plan template from Canvas: science students download the NGSS template and math student download the Common Core template. Use these templates to complete your lesson plan. First draft of your lesson plan as a hard copy is due in class session 6. Please bring 3 copies. Peer evaluations will start session 6 and continue session 7. Your revised lesson plan (based on the peer reviews) is due session 8 as a hard copy.

**Due 1/29:** Assignment. Enter the assignment into the assignment section on canvas. 250 words minimum.
- Teach like a Champion 2nd edition: Read chapter 10, Reflection and practice q. 1, p. 377

This week in your internship, 250 words minimum:
By now you should know some of the students’ names. Greet students at the door. Take a more active role helping students. Watch how your teacher handles classroom management and how she/he tries to create a positive classroom environment.

Record your reflections on Canvas by Sunday 11:59 pm
Record your hours on CalTeach

Session 4, 1/30

- Styles of teaching:
  - Using tops as a teaching tool
  - Pros and cons of various teaching styles

**Due 2/5:** Assignment. Enter the assignment into the assignment section on canvas. 250 words minimum
- Teach like a Champion 2nd edition: Read chapter 3: Reflection and practice q. 1 page 125
This week in your internship, 250 words minimum:
During the 4th week of your internship, pay close attention to the styles of teaching that your mentor teacher uses. Does there seem to be a pattern to when he/she uses a particular style?
ALSO: Coordinate with your mentor teacher a portion of the lesson that you can handle one day in the near future. (perhaps, going over homework or presenting a sample problem.).

Record your reflections on Canvas by Sunday 11:59 pm
Record your hours on CalTeach

Session 5, 2/6
- Technology
  - Assembling a PhET activity worksheet

Due 2/20: Assignment due as a hard copy
  - Develop a PhET activity worksheet. Download the directions from canvas. A hard copy of the PhET activity worksheet is due in class session 7.

Due 2/12: Assignment. Enter the assignment into the assignment section on canvas. 250 words minimum.
  - Teach like a Champion 2nd edition: Read chapter 7 and respond to the prompt below: Compare and contrast the technique of “cold call” and “wait time”. Do you prefer one or the other? What are the benefits and drawbacks of both these techniques?

This week in your internship, 250 words minimum:
During the 5th week of your internship, pay attention to what kind of technology is used in the classroom and address the following: is any technology used and what kind? is none used, why not? is the technology used wisely or is it unnecessary?

Record your reflections on Canvas by Sunday 11:59 pm
Record your hours on CalTeach

Session 6, 2/13
- Engaging the learner:
  - Questioning techniques
  - The emotional classroom. Important questions to ask your students: https://www.edutopia.org/article/important-questions-ask-your-students?utm_source=Edutopia+Newsletter&utm_campaign=f5e375ea2c-EMAIL_CAMPAIGN_082218_enews_importantquestion&utm_medium=email&utm_term=0_f72e8c8c4-f5e375ea2c-84982771
  - Class discussion: Cold calling vs wait time
  - Lesson plan peer evaluations start

This week in your internship, 250 words minimum:
During week 6 of your internship, pay close attention to what students are doing during each part of the lesson. When do they seem most engaged? When do they seem to “tune out?”

Record your reflections on CalTeach and Canvas by Sunday 11:55 pm.
Record your internship hours on CalTeach

Session 7, 2/20
- Assessment: purpose and logistics
  - Ways to check students for understanding
  - Helping students identify what they don’t understand
  - Using student mistakes to guide instruction
  - Lesson plan peer evaluations continue

Due 2/26: Assignment. Enter the assignment into the assignment section on canvas. 250 words minimum.
  - Teach like a Champion 2nd edition: Read chapter 1 and 2. Reflection and Practice question 2 & 3. p. 80
**This week in your internship, 250 words minimum:**
During the 7th week of internship, reflect on how your mentor teacher uses/has used assessment. Is it continual? Is it formal or informal? What kind of information is gained from the assessment? How does he/she use the information she gains?

Record your reflections on CalTeach and Canvas by Sunday 11:55 pm.
Record your internship hours on CalTeach.

---

**Session 8, 2/27**
- TURN IN YOUR LESSON PLANS!
- Science: Shifting a lesson from traditional to inquiry
- Math: TBA

**Due 3/5: Assignment. Enter the assignment into the assignment section on canvas. 250 words minimum.**
- Teach like a Champion 2nd edition: Read chapter 12, Reflection and Practice question 2. p 446

**This week in your internship, 250 words minimum:**
Before you go to your internship this week, email your teacher and ask about ELL (English Language Learner) students in your classroom. If there are any ELL’s, notice what challenges they encounter during class time. How does the teacher support these students? Are there other ways these students have their needs met? If not, what did you observe?

Record your reflections on CalTeach and Canvas by Sunday 11:55 pm.
Record your internship hours on CalTeach.

---

**Session 9, 3/6**
- Number Talk and other Mathematics Learning Strategies

**Due 3/12 Assignments:**
- Teach like a Champion 2nd edition: Read chapter 6 , no writing assignment

**Due 3/12 Assignments: Enter the assignment into the assignment section on canvas. 250 words minimum.**
- Goal Summary due Tuesday 3/12 on Canvas. In this document you will reflect on your accomplishments and failures. 250 words minimum.

**This week in your internship, 250 words minimum:**
You are almost done. During the 9th week of your internship, continue to work with students individually. Practice analyzing their errors and guide them to understanding. When they say, “I can’t do this problem, help them discover what part of the problem they can’t do: set up the equation, choose a formula, use the formula.

Record your reflections on CalTeach and Canvas by Sunday 11:55 pm.
Record your internship hours on CalTeach.

---

**Session 10, 3/13**
- Number Talk continued
- Closure
- Informal question/answer period

**Due 3/21 Assignments:**
- Internship hour verification sheet due in my office (EPS 1362) as a hard copy or as a pfd attached to my email spinter@ucdavis.edu by 5:00 pm

**This week in your internship, 250 words minimum:**
During the 10th week of internship, continue to take an active role in the class, but also take time to reflect on the experience as a whole. What characteristics of the mentor teacher would you like to emulate? Which would you do differently? Include these in your reflections.

Record your reflections on CalTeach and Canvas by Sunday 11:55 pm.

**Final Paper**

There will be a take home final. It will be posted Wednesday March 13th on Canvas. It is due Wednesday March 20th on Canvas **8:00 AM**

---

**1. READINGS**

Readings are selected from the following books:

- *Every Minute Counts. Making Your Math Class Work*. Johnson, David *(BOOKSTORE or amazon)*
- *Mathematics Framework for CA Public Schools K-12, CA Department of Education; Sacramento, 2006*
- *Teach like a Champion*, Doug Lemov, 2nd edition, *(BOOKSTORE or amazon, amazon is cheaper!)*

---

**2. GRADING PERCENTAGES**

<table>
<thead>
<tr>
<th>Percentage</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>30%</strong></td>
<td><strong>10 Reflection papers, minimum 250 words each (always due each Sunday at 11:55 pm on Canvas):</strong></td>
</tr>
<tr>
<td></td>
<td>10 pts. on time + exceptionally well done + exceptional professional writing + description of the lesson and reflection are submitted + writing prompt is observed</td>
</tr>
<tr>
<td></td>
<td>8 pts. only ok done but not outstanding, otherwise all other criteria are met</td>
</tr>
<tr>
<td></td>
<td>7 pts 1-2 days late and/or lesson description missing, and/or writing prompt not observed</td>
</tr>
<tr>
<td></td>
<td>6 pts. Over three days late, badly done or too short</td>
</tr>
<tr>
<td></td>
<td>0 pts. Not turned in</td>
</tr>
</tbody>
</table>

What is a reflection paper?
The weekly reflection consists of a brief description of the lesson/s you engaged in AND a reflection that addresses the weekly internship prompt. Description and reflection need to be done in two SEPARATE paragraphs.

<table>

helping others develop their ideas. Participation also includes making every effort to arrive to class on time and using electronic devices only for course-related purposes.

A until I notice….

• Always late
• Lack of participation (no oral contributions)
• Non-class use of technology (e.g. phone use)
• Generally disengaged

10% final paper

3. ATTENDANCE
Attendance is required and will be taken every session. You are allowed to miss one class session. If you are missing more than one session, your final grade will be reduced by one full grade. If there are extenuating circumstances, please let me know immediately, so we can make alternative arrangements.

4. JUSTIFICATION FOR UNIT(S) OF CREDIT
This course will meet for 2 hours of lecture/discussion each week and 3 hours of fieldwork in a public high school classroom each week. During discussions, basic concepts of teaching a math and science class will be introduced and the CA State Standards for math and science will be examined. Students will prepare and present various components of a lesson including: opening activities, closing activities, presenting a new concept, writing and analyzing a quiz, review, and classroom management.

6. ADDITIONAL INFORMATION FOR STUDENTS:
This course places students in high school classrooms in Davis, Dixon, Woodland, Winters, Vacaville and West Sacramento.

7. The U.S. Department of Education determined that UC Davis needed to institute measures for validating that students participate in their registered classes. To comply with this mandate, in September 2018 the campus will require students to verify that they have begun each course for which they are registered via the Academic Participation program. This program also encourages students to acknowledge their responsibilities regarding academic integrity and the Code of Academic Conduct, reinforcing our campus culture of honesty. participate.ucdavis.edu
